

February 15

3D Shapes

prism - has 2 bases, all other shapes are rectangles

triangular prism

2 bases: triangles

rectangles: 3

hexagonal prism

2 bases: hexagons

rectangles: 6

rectangular prism

2 bases: rectangle

rectangles: 6 (including bases)

cylinder

2 bases: circles

rectangles: 1

pyramid - has 1 base, all other shapes are triangles, comes to a point

rectangular pyramid

1 base: rectangle

triangles: 4

hexagonal pyramid

1 base: hexagon

triangles: 6

triangular pyramid

1 base: triangle

triangles: 4 (including base)

cone

1 base: circle

triangles: 0 (has an almost semi-circle)
